Over the course of the last twenty or so years I've talked to hundreds, if not thousands, of people on various aspects of my life. I've logged thousands hours in chat rooms and on forums talking about topics of a sexual nature and in all the years of telling my story there are some questions that are asked far more than others. These questions tend towards the kinkier side of my sex life, which I'm more than willing to talk about.

For those that wish to know me better, I've taken the time to answer many of the questions most asked of me.

∞ ∞ ∞

Q: Why write erotica?

A: I write erotica because it's something I'm passionate about. I'm a very sexual person and find writing about sexual and kinky things not only brings a bit of pleasure to others, it also gives me some in return. Truth be told, writing erotica is somewhat cathartic as it allows me to share my deepest, darkest fantasies and secrets without the repercussions of telling family and friends.

∞ ∞ ∞

Q: Do you, or have you ever done the things you write about?

A: Although I've not done everything the characters I write about have, I've done quite a bit of it. I'm very open-minded when it comes to sex and am a firm believer that what goes on in the bedroom is no one's damn business unless it's blatantly illegal.

∞ ∞ ∞

Q: What is your favorite sexual position?

A: My favorite sexual position is, without a doubt, the doggy position. There's nothing like having your ass up in the air and your head on the floor as a cock pounds me hard and deep.

∞ ∞ ∞

Q: So you condone sex with animals and incest?

A: Short answer... Yes. Long answer, Yes I condone sex with animals and incest, BUT ONLY if done lovingly and with full consent of everyone involved. I DO NOT condone sex with minors, only consenting adults. And as anyone who knows anything about sex with animals will tell you... you cannot force an animal to have sex with you. If they're not willing they'll make that perfectly clear with fang and claw if need be.

∞ ∞ ∞

Q: Have you ever had sex with an animal?

A: Yes. I've had sex with dogs numerous times over the past twenty or so years. And as much as I love horses, I've never had sex with one. Although, I have jerked a few off in my time.

∞ ∞ ∞

Q: Have you ever had an incestuous relationship?

A: Although a topic of many of my stories, I've never had an incestuous relationship in real life. This is one taboo subject that will most likely never see the light of day.

∞ ∞ ∞

Q: You write about bondage and sexual slavery a lot. Is that something you are into or have tried?

A: Very much so. I gained an interest in the BDSM lifestyle when I was around nineteen, but didn't have a chance to actually experience it until I was twenty-one. It started off as getting tied up, spanked, and things of that nature. Within a year I found myself fully immersed in the lifestyle serving a Mistress.

∞ ∞ ∞

Q: Are you dominant or submissive when it comes to sex?

A: I've been both dominant and submissive, but prefer to play the role of submissive more than anything. When it comes to matters of the bedroom, I prefer taking orders rather than giving them. Being commanded to do certain sexual thing gets me off in ways I can't even explain.

∞ ∞ ∞

Q: Sexually speaking, is there anything off limits for you?

A: Although I'm open-minded and believe in trying anything before judging, there are a few things I just won't do sexually. I'll never engage in sex with anyone under the age of eighteen, and I won't do shit play, extreme pain, and permanent body modifications such as piercing, tattooing, or branding.

∞ ∞ ∞

Q: What is your most memorable sexual experience?

A: Hmmm, this is a tough one to answer. There have been many memorable times, but if I have to choose just one, I would have to say it was the time my girlfriend Jade and I were caught having sex in a secluded area of a park.

∞ ∞ ∞

Q: Can you elaborate on that?

A: Sure thing. It is one of the stories I like to talk about because it was just so damn crazy. There's a park near where I live and at the time I was dating a girl by the name of Jade. We were avid hikers and could be found walking the trails two or three days a week. During our many hikes we found several secluded spots where we would stop for a "quickie" when we got horny. On this one particular day we were going at it hot and heavy in what we thought was our most secluded spot. We were butt naked and doing a 69 - Jade was on top with her tongue and three fingers buried in my pussy and I had my tongue and two fingers in her.

We were so into it that we both failed to see the arrival of three jockers until one of them let out a gasp and they started cheering us on. Jade and I were so embarrassed we tried to jump up and grab out clothes, but ended up on our asses as we tripped over each other. One thing led to another and after talking to the guys for a while Jade and I decided to finish our little show while they watched and jerked off. The whole thing ended with Jade and I kneeling next to each other as the three men covered our tits with cum.

∞ ∞ ∞

Q: What is your most embarrassing sexual moment?

A: A few years ago I was having major renovations done to my house and couldn't live there while the work was being done. During the renovations I stayed with my parents and one night I was really horny and couldn't sleep. I decided a quick finger session was in order and got to work relieving the tension. Having lived alone for so long I apparently was not as quiet as I had thought. I also neglected to lock the door because, living alone, I never saw the need to do so. Well, my moaning woke my dad and he walked in on me three fingers deep in my pussy with one hand while pinching and pulling my nipples with the other. The whole situation was made more embarrassing by the fact that my dad just stood there with his jaw on the floor and his cock sticking out of his robe stiff as a pole.

∞ ∞ ∞

Q: You write a lot about your characters getting permanently marked by piercings, tattoos, and brandings. Do you have any such things?

A: I have three piercings in each ear and one in my naval. I have one tattoo located on my left hip that I received a few years back of a rose intertwined with a horseshoe. A horseshoe is a

symbol for luck, and a rose love, so to me the tattoo means 'lucky in love.' And that is how I've felt my entire life. I've been blessed with partners that were as fairly open-minded when it comes to sex, although there are still some things I could never tell them.

I also have one brand that I received against my will on my right hip. It happened during a very intense bondage session with a new group of people. I was bound and gagged and the Mistress neglected (or refused) to recognize my use of the 'safe signal' and proceeded to brand my hip with a pair of handcuffs underneath which is written BDSM. It was meant to signify my submissive nature in the lifestyle. Once I was unbound I got dressed and got out of there as fast as I could.

As a point of pride, I made sure to publicly denounce that woman and all that were part of her little gang and made sure people knew that none of them knew the first thing about the lifestyle.

∞ ∞ ∞

Q: In what ways are your parents open-minded sexually, and what can't you tell them about your own sex life?"

A: My parents are practicing swingers and still have a very healthy sex life even at their age. They are both bisexual as well, and aren't afraid to experiment with new things – although hardcore stuff like bdsm and animals are never going to happen, and incest is just right out.

As for what I could never tell them, the fact I'm a lifestyle submissive that has sex with animals is pretty much it. I don't think they'd disown me or anything so harsh, but I do feel they'd be incredibly upset and disappointed so to avoid all of that I simply keep it to myself.

∞ ∞ ∞

Q: Do all of your partners know about your sexual endeavors?

A: All of the partners I've been with, in the last twenty or so years, are made aware of my activities from the start of the relationship. This was not always the case, however. In the beginning I was embarrassed to let people know about certain sexual activities and this inevitably led to breakup once word got out.

∞ ∞ ∞

Q: Are you married, single, or dating anyone right now?

A: I'm happily married to a wonderful man and we have three children together.

∞ ∞ ∞

Q: Does your family and friends know about your sexual exploits?

A: Yes and no. My family knows that I am bisexual and that is as far as it goes for them. I have several close friends that know everything I've done sexually, and some friends that don't know anything more than I'm bisexual. I've learned over the years what friends I can trust with what information.

My husband knows about it all, of course. Our children don't know about any of our activities and that's exactly how I plan to keep it.

∞ ∞ ∞

Q: Why do you keep your sex life from your children if you're so open-minded?

A: That's a very good question without a simple answer, but I'll try anyways. I've found that children can be very impressionable creatures. I know, I was one once, but that's a story for another time. If my kids come to me, or their father with questions of a sexual nature we'll answer then to the best of our abilities, but we will not tell them what they should and shouldn't do other than to inform them what is legal and not.

If I told them everything me and their father had done together, not to mention all the things I've done prior to meeting him, I feel they'd run out and do it without thinking about it. We'd rather they figure some things out on their own.

∞ ∞ ∞

Q: You write about group sex in some of your stories. Is that something you have participated in, or would like to participate in?

A: My husband and I were avid swingers for a time and participated in a few swinger parties over the years, but we haven't done that in quite some time now. As far as gang bangs go, that all depends on your definition of what a gang bang is. Some say it's a woman with no fewer than four men, while others would put the number as high as ten. My definition is five men per woman involved – one for each hole, and one in each hand. To that end, I've participated in four gang bangs in my life.

∞ ∞ ∞

Q: How many men and women were involved in these gangbangs?

A: The first one I ever did was me and five men. The next was me and 7 men. Third was me and a female friend with eleven men. And the last gang bang I ever did was me and nine men.

∞ ∞ ∞

Q: Have you ever tried prostitution, being and escort, or any other work involving sex and money?

A: The short answer is no.

∞ ∞ ∞

Q: And the long answer? Can you elaborate on the previous question a little more?

A: As I mentioned in a previous question, I was involved in a few gang bangs. A friend of mine talked me into doing one when I was twenty-five involving me, her and eleven guys that she knew. It lasted about four hours and when it was all said and done and we were all showered and I was about to leave for home my friend handed me an envelope and said it was my cut of the proceeds. I had no idea what the hell she was talking about. It was then she explained that she did these gang bangs periodically and charged the guys to participate. It made me feel dirty and cheap to take the money, but at the time I really needed it so I did. Consequently it was the last time I ever had sexual dealings with that particular friend.

While I was in college my roommate paid for her schooling by working as an escort. The company she worked for called her one day to go to a bachelor party. She was to be the bachelor's last fuck as a free man before getting married. When she got to the party it turned out to be the bachelor party for her older brother. To say it was a humiliating experience for them would be an understatement. Word got out that she was working as an escort and her family pretty much disowned her. I'd hate for that to happen to me so I never put myself in that situation to begin with.

∞ ∞ ∞

Q: Where is the craziest place you have had sex? And don't skimp on the details.

A: My husband and I frequent a few adult video shops and enjoy having sex in the booths while watching random porn. On one occasion the booth we entered had a hole cut in either side into the next booth. While we were going at it we heard a noise in the booth to the left. I peeked in to see a man jerking off to the movie he was watching. My husband suggested I see if the man wanted me to suck his cock. The man was more than willing and after he shot his load all over my face he left. Within minutes the booths on either side of us were occupied. My husband said the guy probably told others in the shop that there was a woman giving blowjobs in the back.

I started with alternating between the two men until one of them suggested that I bend over so he could fuck me while I sucked the other. My husband nodded his agreement and I did so. After a few minutes of taking it from both ends I stopped sucking the guy's cock and unbeknownst to him, my husband took over. Afterwards the guy my husband blew said it was the best head he ever had. He never knew that my husband took my place. I was so interested in watching my husband sucking the guy off that I wasn't paying attention to the guy fucking me until he was filling me with his cum. It was after that we got dressed and went home before more decided to join in.

∞ ∞ ∞

Q: Have you ever been injured while having sex?

A: A lot and only twice. Let me explain... I categorize sexual injuries two different ways; Accidental and purposeful. Purposeful sexual injuries are those that I am aware of happening. Such as when I am bound and flogged or caned until there were welts left behind. I know these sorts of things are going to be part of the session and do not think of them really as injuries, but they can hurt like hell.

Accidental injuries are just that... accidental. I've had many wild sexual adventures in my lifetime and have been lucky to only have sustained three serious injuries. The first happened the first time I ever jerked a horse off. The horse got overexcited and was stomping his back legs. One came down hard on my left foot and fractured it in three places. The second happened during a bondage session. I was tied in an awkward position and ended up dislocating my shoulder. The third happened during a bit of rough sex and I fell, hitting my head on a nearby stand giving myself a concussion in the process.

∞ ∞ ∞

Q: Have you ever been forced to do anything of a sexual nature?

A: Considering the predicaments I often find myself in I'm extremely lucky that I haven't been raped or otherwise forced to do things against my will. The only situation that I can think of off-hand is the one I mentioned earlier about getting branded against my will.

∞ ∞ ∞

Q: How many sexual partners have you had?

A: This one is open to interpretation. It all depends on what you mean by sexual partners. If you are referring to how many people I have dated the number would be eleven since I started dating at the age of fifteen. I've dated seven men and four women. Now, if you are asking how many people I've had sex with, that number is VASTLY different. I've been involved in gang bangs, several swinger parties, and many threesomes with past boyfriends/girlfriends and my husband. I don't know an exact number, but I would safely put it in the seventy to eighty range.

∞ ∞ ∞

Q: Have you ever contracted an STD from having so much crazy sex?

A: Not one, ever. Although I've had a lot of sex I'm almost always safe about it. With the exception of a few cases I always make the guys wear condoms. And when my husband and I were doing swinger parties, we made everyone involved get tested every three months.

∞ ∞ ∞

Q: Do you spit or swallow?

A: Both. It all depends on my mood and how the cum tastes. Let's face it; some guys taste better than others.

∞ ∞ ∞

Q: Can you deep throat?

A: I've tried, but for some reason I can never fully get over the gag reflex. I've had my throat fucked, but I cannot deep throat a cock without choking on it.

∞ ∞ ∞

Q: Does size matter to you?

A: It all depends on my mood at the time. My husband is a nice eight inches and I find that very satisfying. However, there are times that I like to feel stretched to the max and work whatever I can in there. On those occasions nothing less than my fist, or largest toys will suffice.

∞ ∞ ∞

Q: What is the largest cock, real or otherwise, that you have taken?

A: The largest real cock belonged to one of the men at the swinger parties my husband and I use to frequent. It was just over ten inches long and as thick as my wrist. I managed to take him fully in both holes. The largest fake cock I've taken is a toy my husband and I lovingly refer to as "The Destroyer." It's a twelve in long, three inch thick dildo of destruction. I've taken it several times in my pussy, but only twice in my ass. The largest non-cock I've taken would have to be a small fist in my pussy. (As a point of interest... my husband took the same ten inch cock fully in his ass on a few occasions as well.)

∞ ∞ ∞

Q: Do you ever role play?

A: In real life, yes. I have a wide range of costumes I use whenever we are in the mood for that sort of thing. I don't role play online as I simply don't get anything out of it. I'm very hands-on when it comes to sex, and trying to get in the mood while stopping to type every few seconds to distract from the whole thing.

∞ ∞ ∞

This will conclude this question and answer session. I hope it gives you some insight into the mind that is Crimson Rose.
