Waking to the aromas of bacon, eggs, hashbrowns, and homemade waffles, identical triplets Mackenzie, Madison, and Maria simultaneously inhaled from their separate bedrooms, rolled out of bed, put on identical purple velvet robes, and then made their way to the living room where they saw their dad sitting butt naked in his favorite recliner watching the morning news and their mother wearing only an apron over her naked body finishing up breakfast in the kitchen. "Morning," the triples said in unison.

"Happy birthday," their father Ryan exclaimed in response.

"Happy birthday, sweeties!" their mother called out from the kitchen. "Breakfast will be ready in five."

Doing their best to avoid staring at their dad's large manhood hanging freely between his purposefully spread legs, the three sisters sat on the couch and looked everywhere but at their parents. "I know we've had this conversation a million times, but do you have to be naked all the time?" Madison asked.

"You're right, we've had this conversation a million times and the answer has remained the same," her father replied. "Your mother and I are nudists and that's not going to change anytime soon. "And now that you're eighteen, your mother and I need to have a very serious talk with the three of you that will change everything moving forward."

"After breakfast," their mother Amelia called out.

"I don't want to wait and they shouldn't have to," Ryan said to his wife before turning to his daughters. "You know that your mother and I raised the three of you to be as open-minded and accepting as possible. We taught you to weight the moral implications of your actions against societal norms and what you feel in your heart and mind are right for you. Your mother and I love you more than anything or anyone on earth and no matter how you react to what I'm about to say, that will never change. Your mother and I have been hiding a secret your entire lives, but now that you're eighteen it's time we introduce you to our true selves and desires." Standing, Ryan walked over to the couch, gently put a hand on the back of Mackenzie's head, and then drew her in until her lips were touching the head of his cock.

Stunned into silence, the three young women stared at their father with unbridled shock, but none more so than Mackenzie who suddenly had the head of their father's dick in her mouth.

"Your gut is telling you to pull away, to scream and call me a pervert, but I implore you to take a moment to give it an honest chance," their father said as he pulled his dick from Mackenzie's mouth only to put it in Madison's. "Your mother and I are as open-minded and accepting as we raised you to be." Pushing his cock to the back of his daughter's throat, he stared into her watering eyes and pulled out just as the saliva started flowing. "Your turn honey," he said as he guided Maria's mouth to his cock. "Your mother and I live a free use lifestyle and while we've taken every precaution to hide it from the three of you, now that you are adults, we want you to join us," he explained as he pushed all nine inches of his hard manhood down his daughter's throat, pulled back, and then spent several seconds throat-fucking her before moving back to Mackenzie. "Saying yes means your mother and I may use the three of you however and whenever we desire, and the three of you may use us the same. By saying yes, you give constant and unmitigated consent for us to use you sexually just as we give it to you.

Caught completely off guard by their father's actions, the identical triplet sisters stared at him in continued silence as he worked his way back and forth down the line fucking their throats for several seconds before moving on to the next. That is until Mackenzie was flipped around

face down on the couch. Feeling the head of her father's cock sliding along her virgin womanhood, she inhaled sharply. "OH GOD!"

"This is the moment of truth," Ryan said. "If you agree to being part of a free use family then push back and take my cock."

"I... I'm a virgin!" Mackenzie replied.

"We're all virgins, dad!" Maria said. "And what the actual fuck? You made us suck your dick!"

"I didn't make you do anything. If you didn't want me to do it you could've said stop, or gotten up so I couldn't. This is your choice, Mackenzie. If you want to be part of our free use family then..."

Scared out of her mind and so excited at the prospect of finally losing her virginity even if to her father, Mackenzie slammed back on his cock – taking it entirely in one hard thrust.

"UHN! Oh my fucking god! I... you... mmmm... we're... fuck me daddy!"

"Holy shit!" Madison gasped. "Are you seriously having sex with dad?"

"She is!" Maria exclaimed. "Mom? Are you seriously okay with this?"

"Of course. If you don't want to do it then say so and get up off the couch. And if you're open to giving it a try then bend over like your sister so he can fuck you as well."

"Do me, daddy!" Maria said as she rolled over onto her belly. "Please take my virginity like you did Mackenzie's!"

"If you want to be a part of our new free use family you'll have to take it on your own," Ryan said as he moved behind Maria. No sooner was the head of his cock poised for penetration than it was buried in her tight womanhood.

"UHN! Oh god that feels good!" Maria moaned. "I know it's fucked up, but you really have to try it, Maddy! Uhn! Uhn!" And then the pleasure stopped. "P-Please put it back in, daddy!"

"Be patient, sweetie. Your sister deserves a turn as well," their father said as he moved in front of Madison. "It is purely your call. If you want nothing to do with it then your mother and I understand and won't press the issue. But if you're even the least bit curious then roll over and I'll be honored to take your virginity."

"We're not on birth control, dad."

"I promise not to come in any of you until you are."

"You've already sucked his dick a few times and it does feel really good so you should join us, sis," Mackenzie said.

"I'll let you take my virginity, and give you thirty seconds to fuck me, and then you'll stop until we're on birth control," Madison said. "Can you promise us that, dad?"

"I give you my word."

"Then please take my virginity," Madison said, rolling onto her belly and offering herself to her father. As soon as she felt him lined up, she shoved back. He grabbed her by the hips, and then she was moaning as he thrust in and out."

"That is so fucking hot!" their mother said. "Also, breakfast is ready and this is exactly why I wanted to wait until after we eat."

Getting up off the couch, Maria walked up to her mother, knelt, shoved the apron aside, and then licked her pussy. "Am I doing it right, mom? Is this what dad meant by free use?" And with that, she sucked her mother's clit."

"Mmmm... this is exactly what he meant, sweetie. The three of you may have your way with us however and whenever you desire without limit and by accepting your part in our free

use lifestyle you're ours to use the same. Now take your robes and panties off and get your sexy asses to the dining room before breakfast gets cold," Amelia said as she gently stepped back from her daughter's mouth and probing tongue. "All of you."

"Thank you for taking my virginity, dad," Madison purred. "They're right. I expected it to hurt, but it felt really good and I can't wait to do it again. But not until we're all on birth control."

"What if I wear a condom?"

"I... that would be acceptable."

"Then we'll play some more after breakfast," Ryan said as he reluctantly pulled his cock from his daughter's tightly gripping pussy.

Grabbing her sister by the arm, Madison pulled Mackenzie in and kissed her hard. "Is this really what you want, sis? Do you want to be used by family however they desire?"

"Better than strangers that would actually abuse us," Mackenzie said, kissing her sister back. "What about you?"

"I feel the same. My mind is telling me this is wrong on a multitude of levels, but my body is all for it. I just don't want to do something stupid like getting knocked up by our own father," Madison said as she untied her robe, letting it fall open revealing she was wearing only a pair of matching purple panties which she wasted no time pulling down and stepping out of. Now butt naked, she joined Maria and their parents in the dining room with Mackenzie hot on her heels.

"So, we can just do whatever we want to you no questions asked?" Maria asked.

"Correct," her mother replied. "Just as your father and I can just do whatever we want to the three of you. No questions asked, consent automatically and perpetually given until verbally revoked."

"So, if we say no, you'll just stop?"

"Absolutely. If anyone continued after being asked to stop it becomes rape and we won't put up with that for a second," their father answered.

"Does anyone else in the family know about this?" Madison asked.

"Or participate?"

"Your aunt Brianna and cousin Chloe, as well as your uncle Nate and cousins Kyle, Heather, and Connie on my side of the family," their mother answered referring to her older sister and her nineteen year old daughter.

"Grandma Simone, grandpa William, Aunt Lidia, and cousins Kyle, Olivia, and Paige on my side of the family," their father answered.

"Holy shit!" Maria gasped. "Grandma and grandpa? Really?"

"Who do you think got me into it?" her father asked. This is a tradition going back at least seven generations and it is our sincerest hope that the three of you will continue it far into the future."

"And none of the women have ever been impregnated by the men?" Madison asked.

"Many. Some willingly asking for it, others by accident," their mother answered. "But none since DNA testing became a thing."

"I'm sorry to keep coming back to it, but when you say we can do whatever we want, whenever we want, can you clarify what that means, because I'm already thinking of a million ways they can very easily turn to abuse."

"There are a few limits, but not many and even those can be bypassed by simply asking permission first. We may not do anything that will leave a permanent mark on another's body

such as piercing, branding, tattooing, or any other form of body modification. Golden showers and drinking piss are perfectly acceptable, but shit play is an absolute hard no. You may engage in whatever sexual perversion you desire here at home or on the property, but public sex with each other is strictly forbidden. If you're going to do something extreme such as fisting, needle play, or sadomasochism to name a few things, it is generally polite to ask if your partner can handle that sort of thing without a great deal of warmup. Especially fisting. Which, for the record, your father and I are both capable of doing with very little warmup as long as lube is used."

"You can take a fist, dad?" Mackenzie exclaimed in utter disbelief.

"I can. And your mother can take one in her pussy and ass at the same time."

"Jesus Christ! Well, I hope you know we can't do that."

"Not yet," Maria said, her lips curling into a wicked smirk.

"After breakfast we'll show you the dungeon where your father and I have spent the last fifteen years dominating and submitting to each other."

"So, your submissives?" Mackenzie asked.

"More like sex slaves," their mother answered. "We know this is a lot to take in all at once, but we're so proud of the way you accepted it without too much fuss."

"Can we ask why that is?" their father asked.

"Like Kenzie said, better the perverts you know, than the ones you don't," Madison replied. "The only thing I'm not okay with is you sticking your dick in our mouths and then throat fucking us without asking permission, or even mentioning any of this first. Yes, we could've told you to stop, or got up and ran away and that's on us, but you should've told us everything before using us like that."

"That was pretty fucked up," Mackenzie agreed. "Honestly, I desperately wanted to scream in horror and to tell you off, but I was so fucking shocked I couldn't get anything out and then when I could it felt so damn good I didn't want you to stop."

"I want your dick up my ass, dad," Maria blurted out. "I want you to sodomize me until you blow your load deep in my bowels while I eat mom's pussy."

"Your father will happily fuck you all up the ass right after I show you how to give yourselves enemas," their mother said. "But let's get through breakfast first."
