[Chapter 5](#)

Once everyone was seated around the conference table, the attorney gave us all a look of concern as he flipped a folder open. "I apologize for the delay, but there are questionable conditions in Janine's will that I had to look into before the reading to ensure they were all legal and I can verify everything written within these pages is."

"What do you mean by questionable conditions?" my mother Dana asked. "My sister was a pillar of the community. The most illegal thing she had ever done was getting a speeding ticket."

"Actually, mom, Aunt Janine was a..."

"You will not speak ill of the dead. My sister was an amazing woman who deserved the recognition and respect that she got. One more word out of you and I'll..."

"Please, everyone calm down," the attorney cut in. "I know this is a difficult time, but fighting will only drive you apart and that's the last thing Janine would have wanted. Allow me to read the will and you'll see for yourselves what sort of woman she was."

After a moment to let us settle down, he began reading. It went into great detail about what extended family member got what and for a minute there everyone around the table thought she had forgotten about us until he came to the last page.

"And to the people that meant the most to me, my sister Dana, her husband Shane and their three kids Erica, Ryan and Tori, I leave my Somerville Ranch and the remaining fifty million dollars of my estate which is to be split evenly between them on condition they carry on the family tradition I have so carefully kept hidden from them – a tradition dating all the way back to our great-great-great grandmother Teresa." The attorney stopped reading and nervously cleared his throat.

"What tradition is she talking about?" mom asked. "We don't have any family traditions."

"For ten million dollars I'll do whatever she wants," my brother Ryan stated. "Just tell me what I have to do to collect."

"To collect their inheritance Dana, Shane, Erica, Ryan and Tori will all be required to...ahem...will be required to have sex with the animals at the Somerville Ranch," the attorney continued. "Assuming my nieces and nephew have reached the age of eighteen by the time of my death. If they have not then the money will go into an escrow account to be collected when they have reached adulthood and completed the condition."

"There's no way in hell my sister would ever do anything so disgusting! I don't know what sort of trick you're trying to pull, but I'll have you disbarred for it."

"I can assure you this is no trick. Janine may have been a very influential member of society, but she was also an incredible pervert," the attorney replied "and there is video evidence to support it."

"Sex with animals isn't legal," I countered. "That makes her will null and void."

"Actually, there are no laws against it in this state," the attorney said, pulling a paper from the folder and sliding it in front of my father. "That is a list of bestiality laws by state. If you'll look at New Mexico you'll see that it is not only perfectly legal to do the act, but sell and distribute it as well. I know what you're all thinking right now, but if you want to collect your substantial inheritance you're going to have to do as she asks."

"There's no fucking way in hell I'm..." Tori started to say.

“Let me stop you right there,” the attorney cut her off mid-sentence. “Before any of you give your answer please let me finish reading.” Finding his place in the will, he continued. “If any of them refuse then they all refuse. If that happens then Somerville is to be sold and all of my vast fortune is to be given away to the following charities. In order to ensure compliance the act is to be recorded and witnessed by my attorney Scott Hall who has known about my secret life for the better part of two decades.” Closing the folder, he looked around the table. “She lists off about thirty or so charities the money should go to in the event even one of you refuses her condition. I’ll give you a few minutes to discuss the matter before getting your answer.” Getting up, he left the room.

“This can’t be happening,” Tori said. “I just turned eighteen. Are you telling me I have to lose my damn virginity to an animal? That is so disgusting.”

“What about you bro?” I teased. “You willing to get fucked by animals for ten million dollars?”

“As disgusting as it is, for that kind of money and a stake in Somerville I’d do it in a heartbeat as long as it’s actually legal, that is.”

Dad sat his cell phone on the table. “Unfortunately, according to three different sites, it is legal in this state.”

“Call me a freak if you want, but ten million is enough to make me not give two shits about what others think. What about the rest of you? Are you willing to go through a night of shame and humiliation for millions of dollars, or are you going to give it all up for some vain attempt at morality?”

“I’m with Ryan,” I replied. “It makes me sick just thinking about it, but I can’t walk away from that kind of money. I’ll do it.”

“Me too,” Tori said, her face beet red.

“I have to agree with the kids,” dad said to everyone’s surprise.

“So, now I either do it whether I want to or not, or I’m to blame for everyone losing their inheritance,” mom sighed. “I guess I have no other choice than to do it as well.”

“What animals do we even have to have sex with?” Tori asked.

Getting up from the table I opened the conference room door and looked around. Spotting Mr. Hall I motioned him over. “We’re ready to give you our answer.” He stepped into the room and closed the door. “Before we do, however, we would like to know what animals we will be having sex with and when we have to do it.”

“You’ll each be required to have sex with all eight of her dogs and as many horses.”

“HORSES!” Tori exclaimed. “I’m a damn virgin. I can’t have sex with horses.”

“I don’t think it’s possible for any of us to have sex with horses virgin or not,” I added.

“I can assure you it is very possible and given Janine’s setup completely safe. As for when you have to do it, assuming all are in agreement we will head over right now to get started.”

“Now? Did you not hear the part where I said I was a virgin? There’s no way in hell I’m losing it to an animal.”

“The will is very clear. You are all required to get started the day the will is read.”

“And we have to have sex with sixteen animals today?”

“No, but you are required to have sex with at least one and I am to be there to record everything as it happens so if you do it while I’m not around it doesn’t count. So, what is your answer?”

“We’ll do it,” dad replied. “For better or worse we’re all in.”

“Great. I have some paperwork to take care of here, but if you’ll head on over to Somerville I’ll join you in about an hour and we can get started.”

∞ ∞ ∞

Once everyone was in the car and we were driving down the road, my brother Ryan said something that nearly made our father wreck. Unable to hold back, Tori broke into tears at the prospect of losing her virginity to animals. Putting an arm around her shoulders, Ryan held her tight and wiped away the tears. “It’s going to be okay, sis, I’m not going to let you lose your virginity to an animal.”

“H-How...how are you going to prevent it?” she sniffed in reply.

“This is going to sound fucked up on so many levels, but considering the situation we’re in I don’t think it is any worse, but I want the approval of everyone in this car. If you’re willing, then I would be honored to be your first.”

There was dead silence and then dad nearly went into a ditch as a semi pounded the horn while swerving to miss us. “What in the hell did you just say, son?”

“Please don’t make this anymore messed up than it already is. I’m offering to be her first so an animal isn’t. If any of you think it is a bad idea then say so now.”

“I love you so much and I accept your offer. Thank you,” Tori sobbed.

“Well, if she’s okay having sex with her brother then who the hell am I to say otherwise?” I shrugged. “You have my blessing on one condition,” I continued as my body began to visibly tremble.”

“Name it.”

“When you’re done with her, you’ll have sex with me as well,” I said, hoping it would make the decision easier for mom and dad to accept.

“Is this really the direction this family is headed?” mom asked.

“We’re going to be filmed having sex with dogs and horses, mom, is doing it with the people we love really all that bad in comparison? And seriously, I’m sure Ryan wouldn’t mind giving you a good hard pounding as well.”

“No I would not.”

“Then I get to have sex with you and Tori,” dad said looking at me through the rearview mirror.”

“SHANE!” mom gasped.

“What? Erica is right. We’re going to be filmed having sex with animals. We no longer have the luxury of a normal life so we might as well go for broke and see where this messed up journey takes us.”

“I don’t know how long we’ll have before Mr. Hall shows up and makes us do it so can you fuck me right now?” tori asked.

“I need an answer from everyone,” Ryan replied.

“If she’s okay with losing her virginity to her brother then by all means go for it,” I said, giving them a reassuring smile.

“That’s not a conversation I want to have with the police that pull us over for the two of you going at it in the back seat,” Dad answered. “You have my consent, but I think you should wait until we get there.”

“We’re on a deserted road dad,” Tori pointed out.

“And what happens when we get there and Mr. Hall realizes you’re no longer a virgin? He’ll know you had sex with your brother or father and while bestiality might be legal in this state, incest sure as hell isn’t,” mom said.

“If it comes up I’ll tell him I fingered myself.”

“Then why don’t you do that instead of having sex with your brother?”

“Because I want to lose my virginity to a dick, not my fingers.”

“Fine. I can see I’m going to be outvoted at every turn so do it and get it over with,” mom said looking back at us.

Ryan smiled ear to ear as he leaned forward, gently cupped our mother’s cheek and then kissed her full on the lips. I could see her resisting, but she did not immediately pull away. “I love you so much mom.”

“I love you too, son.”

“Thanks mom,” Tori said as she hiked her skirt up over her hips and yanked her panties down. “So, how do we do this?”

“Put your head in Erica’s lap and I’ll get behind you on the seat.”

“Okay. Um, since we’re being all perverted, why don’t you take your pants off and let me lick you while Ryan fucks me?”

“I’m not bisexual and I didn’t know you were either.”

“I’m not entirely sure if I am, but is it really anymore fucked up than what we’re already doing?”

“Fair enough.” By the time my pants and panties were on the floor Ryan was on the seat jerking off his rather impressive eight inches. Tori looked into my eyes, smiled and then lowered her head. She started with kissing my thighs as she slowly inched closer to my vulva. She kissed my hooded clit and my legs spread even wider. Her tongue extended and licked along my slit and I instinctively moaned while bucking my hips upward.

“Mmmm...you taste really good, sis.”

“Thanks. And your tongue feels really good,” I honestly replied.

Ryan placed the head of his cock against her pussy and with a gentle push he was in.

“UHN! Oh my fucking god! I’m doing it. I mean, you...we...sweet fucking Jesus we’re having sex! THANK YOU! THANK YOU! THANK YOU! Uhn...uhn...this may be wrong, but it feels amazing. Please don’t stop.”

“I have no intentions of stopping until we get there.”

“I love you so much,” Tori purred. She then lowered her head back into my crotch and continued licking. After a few minutes she looked up. “Will you lick me clean after he creampie me?”

“Sure, but you know that’s not going to prevent you from getting pregnant, right?”

“I don’t care. I just want to feel your tongue in me.”

“Then who am I to argue?”
