Unable to sleep, Angela rolled out of bed and walked across her large bedroom. Spreading the heavy deep purple blackout curtains, she stared out over the vast pastures and rolling hills that made up the back of her family's enormous estate. Eyes attracted to the light peeking through the cracked door of one of the barns, she raised a brow wondering who would be in there at such a late hour. A sweltering summer day transitioning into a warmer than usual night, she did not bother getting dressed as she grabbed the SIG Sauer P320 from the locked gun cabinet in her closet before tiptoeing through the house and out the back door.

Creeping up to the barn fully intent on catching the intruder red-handed, but as she drew closer and the sounds of heavy breathing and the grunts and groans of sex hit her ears, her eager stride slowed to a confused stop. The moans definitely those of a woman, she raised a brow and strained an ear, but could only make out the one person. Inching closer, Angela crept to the partially open door and peaked in to see a scene of utter depravity playing out before her wide, shocked eyes.

Angela had lived on her family's estate – Mustang Ridge her entire life. She had been in every room of all twenty-one buildings and thanks to a curious and adventurous spirit knew the lay of the land better than most. She knew every piece of furniture and equipment that kept the nearly 1,400-acre ranch operating smoothly. But she did not recognize the contraption her younger sister Nikki was currently strapped to. Consisting of a thickly padded bench with platforms to keep the legs raised and spread, and a series of rods and harnesses necessary to keep the stallion's enormous cock from rupturing something inside his human mare. Next to the bench, Angela saw another woman she recognized as her sister's best friend Nadia Knott whom appeared focused on ensuring nothing bad happened.

Lowering her gun, Angela struggled between running back to the house and ratting her sister out to their very conservative parents, calling the men in white coats to come grab and toss them in padded rooms, and barging in and confronting the two perverts in the middle of the bestial act, when something pressed against her panty-covered ass. Spinning, she saw Ranger – one of the family's many cane corsos who immediately pushed his nose into her crotch. Far from the first time one of the dogs put his nose where it did not belong, she always chalked it up to animals being animals and thought nothing more of it, but now that she has seen her sister getting fucked by a horse she had to wonder if she had sex with the dogs too. It was that moment of pondering that gave Ranger the opportunity to do something this particular human never let him do. Lick. Shoving his snout in harder, he not only sniffed and licked her panties, but nipped at them as well.

Overwhelmed by everything going on around her, Angela did not snap back to reality until feeling Ranger's teeth not so gently sinking into the sensitive skin of her vulva in an attempt to tear away the flimsy barrier keeping him from the treat beneath. Biting her lower lip to stifle the yelp, she lurched back to get away from him, but the horny dog was not to be denied. Coming back for round two, he gave her several more licks before jumping up to excitedly lick her face.

Stepping away from the overfriendly dog for a second time, Angela gave him a stern finger pointing and then turned to barge into the barn when Ranger jumped on her from behind knocking her onto the ground. Stifling an angry scream, she looked back just in time for him to lick her face as his dick jabbed all over the place in search of a hole to fill. Feeling it glancing off the thin material barely covering his targets, she tried pulling away only for his front paws to

drape over her shoulders. Noticing the rapid growth of his dick as it slid along her vulva and ass, she closed her eyes and tried pulling away one more time when she heard movement in front of her. Eyes opening wide, she saw Nadia staring down at her with a wicked smirk on her red lips.

“Now that’s fucking hot!” Nadia said. “Nikki never told me you were into animals too.”

“I’m not! Get him off me!”

“You’re out here in bra and panties and you expect me to believe you’re not into it?”

Come on, It’s nothing to be ashamed of.”

“Damn it, please get him off of me and I won’t tell my parents what you’re doing out here!”

“Okay, calm down.” Stepping to Angela’s left, Nadia knelt under the guise of helping the poor distraught woman out of a humiliating situation. Seeing Ranger’s red rocket trying desperately to penetrate his human bitch, she immediately sided with her four-legged lover.

“Looks like you’ve got him nice and hard. You sure you want him to stop?”

“Yes,” Angela whispered harshly.

Grabbing the thrusting cock in her left hand, Nadia grabbed Angela’s panties with the right. Yanking the garment aside, she guided the long red dick into the kneeling woman’s pussy. “Now *that* is fucking hot!”

“UHN! UHN! W-What the h-h-hell are you... uhn! God damn it why?”

Taking her phone out of her pocket, Nadia snapped several pictures. “Because now you can’t tell on us without ratting yourself out too.”

“Nadia?” Nikki softly called out. “What’s going on out there?”

“Oh, it’s just your nosy sister getting her pussy pounded by Ranger.”

“WHAT?”

“You heard me. And I’ve got the pics to prove it,” Nadia said as she walked back into the barn. Poking her head out, she gave Angela a wide grin. “You’ll let him finish and then you’ll crawl into the barn or I’ll post the pictures all over town. Understood?”

“Y-Yes,” Angela moaned as she struggled to hold back what she knew was going to be a gusher.

“Enjoy, bitch.” Walking into the barn, Nadia went up to the bench to see horse semen not only dripping from her best friend’s pussy, but spattered all over her sweat-covered breasts and belly.

“Did you say Angela was getting fucked by Ranger?”

“Well, she was trying to get him off her, but I decided to yank her panties aside and guide him in instead and it’s really fucking hot if I do say so myself.”

“Hurry up and unstrap me so I can see for myself.”

“No can do, babe. You promised ten stallions tonight and Maverick here is only number six,” Nadia said as she began unbuckling the beautiful dark brown and white horse. Besides, did you hear that orgasm she just had? Like us and every other woman that does it, she’s hooked. And even if she’s not, I’ve got pictures of her getting fucked by a dog so I’m pretty sure she’ll fuck the rest of them and maybe a few horses before this night is over. Now, sit tight while I go fetch another stallion for you.”

Hearing the conversation and what her sister’s best friend planned for the rest of her evening, Angela tried pulling herself off of Ranger’s huge cock, but the enormous bulge near the base of it kept him firmly locked inside and all she got for her attempt was a third orgasm as that very same bulge glanced off her g-spot.

“I’m so glad you enjoy being Ranger’s bitch,” Nadia said as she led Chestnut out of the barn.

“I don’t like it you crazy fucking bitch!”

“Pardon me, but you’re the one getting fucked by a dog so I’m pretty sure that makes you the bitch. Besides, Nikki and I heard the last two orgasms so don’t lie. Also, if you didn’t like it then why are you still on all fours letting him pound you like his bitch?”

“Because you fucking took pictures and are blackmailing me into it!” Face growing an even deeper shade of red, Angela continued. “That, and it hurts like hell whenever I try pulling off him.”

“Sounds like you’ve been knotted. Nice.”

“K-Knotted?”

“You feel that huge bulge at the base of his cock?”

“Yes.”

“That’s called a knot. Ranger’s, as with most of the dogs your family owns, has a softball sized knot. For the record, that’s nearly four inches in diameter so it’s not surprising that it hurts trying to yank yourself off it. You’ll be stuck for a good fifteen to twenty minutes, but don’t worry, in time you’ll loosen up to the point you’ll slide right off it no matter how swollen they get. Until then, enjoy your tightness while it lasts. Anyway, I need to go grab another horse for your sister so relax and accept that you’re now a bitch in the truest sense of the word. And remember, crawl your sexy ass into the barn when he’s finished.

Deny it all she wanted, no matter how humiliated and degraded getting fucked by a dog was, nothing she had ever experienced before had come close to giving her seven intense orgasms. Head down and ass up when Ranger finally dismounted, she stayed in position a full minute as he licked her clean. Then, just as Nadia was returning with yet another horse with five more cane corsos in tow, she crawled into the barn where she saw her sister still tied to the bench.

“ANGELA!” Nikki exclaimed. “So it’s true? You really were out there getting fucked by Ranger?”

“Only because Nadia forced me to and then took pictures of it to blackmail me.”

“And now I’m going to take pictures of you sucking off a horse to get him ready for your sister’s wrecked pussy. Crawl over here and start stroking his sheath. Be gentle, and when his cock comes out take it in your mouth and start sucking.”

“If I’m going to suck a god damn horse, I want to see you getting fucked by one of the dogs first,” Angela said as she removed her semen-soaked panties. Right now! Take your clothes off and get on all fours so one of them can make you his bitch or I’m calling the police and telling them you forced us into it.”

“She’s done it many times, sis,” Nikki said.

“I want to see it and I’m not taking no for an answer.”

“I have to monitor your sister getting fucked by the horse,” Nadia countered.

“You can do that *after* you get fucked by at least one of the dogs. Do it right now or I swear to god on top of calling the cops I’ll make our parents ban you from the estate! NOW!”

“No need to threaten,” Nadia said as she pulled her tee shirt off. “Just so you know, I’m the one that got your sister into sex with animals,” she added as her bra hit the barn floor.

“I’ve been fucking the dogs and horses for seven years,” Nikki said as she looked down at her kneeling sister. “Honestly, I’m surprised it took to long for someone to catch me in action.

Trust me, sis, you're going to love the feeling of a huge horse cock slamming in and out of you. Now, be honest, did you like Ranger's cock?"

"You heard the orgasms."

"Doesn't mean you liked it. I want to hear you say it, sis. Did you like Ranger's cock? Did you like being his bitch?"

"Yes," Angela reluctantly admitted.

"Then welcome to the club. We can talk about it more later, but for now please suck Lightning off like Nadia asked and let the other dogs fuck you while she makes sure the rest of the horses don't hurt me."

"I'll consider it right after she gets on all fours and lets one of them fuck her and not before."

"It's okay, Nikki," Nadia said as she kicked her thong aside. "Given the circumstances I think I can forgive you falling short. Why don't I take Lightning back to the stables and then all three of us can be bitches?"

"Sounds fair to me," Nikki replied.

"Then while I take him back to the stables, why don't you unstrap your sister?" Nadia said as she took the majestic steed by the reins.

"Actually, why don't the two of you stroke and suck Lightning off before taking him back to the stables and then we'll fuck the dogs?" Nikki suggested. "And I want to see swallowing from both of you."

"That's fair," Nadia said as she walked around Lightning and knelt next to her best friend's sister. "I'm sorry I put Ranger's cock in you like that, but in my defense I couldn't risk you running away and telling your parents or calling the cops." Tenderly caressing Angela's right cheek, Nadia leaned in and softly kissed her on the lips. "Full disclosure, I've had a crush on you for, like, ever. Now let's make Lightning shower us in semen. Since you're closer go ahead and start by stroking his sheath. And seriously, the last thing you want is him stomping all over us so be gentle. When it comes out I'll suck and you'll stroke and then we'll switch until he blows his load."

"This is seriously fucked up," Angela said as she gently wrapped her fingers around Lightning's sheath.

"I know, but trust me, you'll learn to love it as much as we do," Nikki said from her position on the bench. "She introduced me to it on my eighteenth birthday and I've been doing it every single day since. Dogs. Horses. Donkeys. Pigs. Goats. We've been fucked by every animal on the ranch. And hell, just to be extra perverse I let her brother Brian's snake slither around inside of me and I'm not talking about his dick."

"To be fair I've done the same thing," Nadia said as she watched more than a foot Lightning's cock emerge from its protective sheath. Immediately taking it in her right hand, she sucked the flared head into her mouth and gagged on it as it hit the back of her throat.

"Stroke him, sis!" Nikki encouraged her older sister. "Get him nice and hard! And when he is bend over under him and let Nadia guide him in."

"W-What?"

"You heard me. I want to see you taking his huge fucking cock!"

"There's no way in hell a damn horse cock is fitting in me," Angela said as her hands stroked along Lightning's rapidly growing shaft.

“Sure it will. And don’t worry, as long as she keeps a hand on him he won’t ram slam you with all twenty inches. In fact, he won’t fuck you at all so you’ll have to fuck yourself on him.”

“You’re just as insane as she is,” Angela said with a nod toward Nadia who just pulled her mouth from Lightning’s massive cock.

“Hurry, bend over beneath him,” Nadia said as she pulled Angela to her feet. “Trust us, it’ll fit and you’ll love it or I’ll never fuck another animal for as long as I live.”

Reluctantly bending over at the waist, Angela shimmied under the huge animal and then closed her eyes. A beat later, she felt the mushroomed head of his cock pressing against her vulva and to her surprise he did not thrust into her. But it did go in. Spongier than she expected, it popped into her pussy and another ten inches followed. “UHN! H-Holy hell! He’s... uhn... uhn... oh my god I’m getting fucked by a horse!”

“Not yet. I’ll hold him while you fuck yourself on him. And then, after he comes get on all fours and I’ll lick you clean.”

“Told you he’d fit,” Nikki said. “Now rock that ass back on him. Take it as deep as you can!”

“Enjoy the fucking show, pervert!” Angela grunted as she fucked herself on Lightning’s cock.

“I am,” Nikki replied.
