Mia had everything she needed for a fun night in - her favorite dildo, and a few kinky stories to read to get her in the mood. She opened the first story and began reading. It was getting hot and steamy until it wasn't.

*Allison dropped to her knees and wrestles around with Digger as he pawed at her rear end. She placed her hands on the floor and spread her legs, wiggling her ass side to side as the large Dalmatian jumped on her from all sides. His hindquarters humping quickly, Allison moaned as the pointed tip of the dog's cock gained entry and slammed home.*

"HOLY HELL!" Mia gasped as the story took a turn for the kinkier. She pushed the purple dildo into her pussy and stopped with it buried deep, her mind suddenly, humiliatingly turned to her own dog. "Only in stories," she sighed as she read on.

*Allison lowered her head to the floor giving herself over completely to her canine lover. His cock filled her to capacity, the knot beginning to swell inside of her causing her to writhe and moan in pleasure.*

"Yeah right," Mia said shaking her head. "No way in hell will a dog just fuck a woman like that." She closed the story and pulled the dildo from her pussy, the mood momentarily ruined. She got up from her chair and left the bedroom - walking to the kitchen for a drink and to get the thoughts of the story from her head. She looked over at Midnight - her two year old black lab, laying on the floor by the couch. He looked up at her, nose sniffing. He could smell her sex and it was intoxicating.

Mia continued to the kitchen and poured herself a glass of wine. She took a sip, savoring the fruity flavors before swallowing it down. With a glass in one hand and the bottle in the other, she returned to the living room and plopped down on the couch. The mood for sex passed, she turned on the TV and flipped through the channels in the hopes of finding something to watch.

Midnight could still smell his mistress's moist pussy and it was beginning to have an effect on him. He got to his feet sniffing the air in all directions as he moved ever closer to his prize. He walked in front of his mistress and pushed his nose right into her crotch.

"WHOABOY!" Mia gasped in shock. "What do you think you're doing down there?" she added clamping her legs shut. *Wait a minute!* She thought. *Could he possibly...* she shook the thought from her head and took another sip of wine. When she parted her legs a few inches, Midnight got to his feet and stuck his nose in again. "Fucking hell! Get a grip Mia," she moaned softly as the dog's fat tongue glided over her pussy. "You're not letting a dog lick you!" Her legs spread open even further allowing the dog better access.

Mia took a long sip of wine and refilled the glass as Midnight continued to lap at her pussy. "This doesn't prove anything," she purred, her legs parting as far as possible "dogs will lick anything. It still doesn't...prove...that he will...fuck...me!" she moaned. His raspy tongue was having an effect on her and she was wholeheartedly enjoying the sensation despite the kinkiness of the act.

"What in the hell am I doing!?" Mia gasped. She jerked back away from Midnight as if he had bit her and clamped her legs shut once again. "That's enough of that, boy," she said rubbing Midnight between the ears. Getting up from the couch she went to the bathroom and locked the door behind her. After a long hot shower she climbed into bed but got little sleep. Her

dreams were filled with various sexual acts between her and her dog so that when she woke up in the morning she was horny as hell and a tad embarrassed.

After another shower and some breakfast, Mia settled on the couch and turned on the TV. She glanced over at Midnight laying by the front door. Thoughts of his long, fat tongue lapping at her pussy gave her butterflies in her stomach. She got up off of the couch and paced the floor, looking occasionally at Midnight still laying by the door as if what he did the night before never happened.

Mia took a deep breath, exhaling slowly as she dropped to her hands and knees. She crawled over to Midnight and pet his head. She had to know. He jumped to his feet and the two of them wrestled around for a few minutes. He jumped on her left side and then her front, his furry sheath dangerously close to her face giving her a close-up view of the tip of his pointy red cock.

“You’re not going to fuck me are you boy?” she asked Midnight. “That story was a lie just as I knew it was.” She pulled herself out from under him as his cock grew another inch. Rising to her knees she turned and landed on all fours again. Midnight pounced, landing on her back with his hindquarters humping towards her ass. She pushed back against him, the feeling of his cock glancing off of her asshole sending shivers up her spine.

Midnight wrapped his paws around her waist and pulled her back, his hips hunching quickly. “OH GOD!” Mia gasped. “Are...are you really...Aaahhhhh!” she grunted as his cock slipped into her pussy. It pulled out just as fast and then found its way back in again. His pace increased as he humped into his mistress for the first time.

“Uhn...uhn...uhn...oh my fucking god!” Mia moaned loudly. “I...I can feel it...feel it growing...in me! Oh god Midnight! Fuck me boy! Fuck me with your fat doggy cock!” She purred as it grew larger and larger inside of her - the knot expanding by the thrust until it was too large for it to pull free.

When Midnight started shooting inside of his mistress, he could feel her pussy clamp down even tighter around his throbbing member. He pushed harder, his knot slipping a little deeper as his claws dug into her hips. “OH MY FUCKING GOD!” Mia moaned. “Aghh!” she yelped when he attempted to pull his cock free. It was stuck fast and she reached back to keep it inside of her. “Stay still boy,” she panted while attempting to keep him from yanking his dick from her.

Midnight and Mia remained locked together for a full five minutes before he was able to pull free without causing pain to either of them. A torrent of his semen and her juices flowed from her like a waterfall and she collapsed to the floor breathing hard. “I stand corrected,” she panted.

∞ ∞ ∞

Mia sat up and stared straight ahead as the realization of what she had just done set in. She shook involuntarily as she thought about his cock fucking into her, his tongue lapping at her clit. And then she saw it - her worst nightmare come true. Standing at the front window was Sasha - the neighbor’s twenty year old daughter whom was home from college for the summer.

Sasha pointed to the door with one hand while holding her cell phone in the other. Mia got up on shaky legs and opened the door. “What...what are you doing!?” she asked the grinning co-ed.

“Can I come in?” Sasha asked.

“Now’s not a good time,” Mia replied.

“I saw it all Miss. Daniels. Now, can I please come in?”

“I don’t know what you’re talking about,” Mia lied.

Sasha pressed a few buttons on her cell phone and turned it around so that Mia could see the beginning of a video playing. It was her on all fours with Midnight licking her pussy. Hanging her head in shame, Mia stepped aside and allowed the young woman to come in.

“What do you want? Are you going to blackmail me now?”

“Hardly!” Sasha smiled as she closed the door behind her. She pulled her shirt off over her head and tossed it to the floor and then moved to her pants. “I want in on the action.”

“Um, what?”

“I want to play with you and Midnight,” Sasha explained. “I got really turned on watching the two of you. See,” she said grabbing Mia’s hand and placing it against her damp panties. “How long has he been fucking you? Does he take you in the ass too? Do you suck his cock?”

“Whoa! Slow down there missy!” Mia said pulling her hand back. “I’m not into women that way. And this was the first time he ever fucked me.”

“Oh,” Sasha pouted. “But you’re willing to try, right? Trust me, if you can let a dog fuck you another woman should be easy.”

“And what would you know of such things, young lady?”

“Young lady? You’re only four years older than me.” Sasha asked sinking to her knees in front of Mia. She wrapped her arms around Mia’s legs and licked her tongue along her still dripping slit, lapping up pussy juice and dog cum alike and swallowing it down with a smile.

“Um, you know you’re eating dog cum, right?”

“And?” Sasha said. She put her mouth back to Mia’s pussy and licked again. “Come on Mia, let Midnight fuck me too. I swear I’ll never tell anyone!”

“He just finished with me so I doubt he’ll be ready for a while.”

“That’s ok. We can play with each other until he’s ready. Will you give it a try? I promise you’ll like it.”

“Are you out of your mind?” Mia asked looking down at the half-naked woman lapping at her pussy. She admitted to herself that it felt good - not as good as the dog licking her, but good all the same. “You honestly want my dog to fuck you?”

“Yes, I think so. I at least want to try it to see what it’s like. Did you like it? It looked like you liked it! Will you lick my pussy while I lick yours?”

“Yes, I liked it,” Mia answered honestly. “I was unsure at first, but once he started fucking me I to really enjoy it. And ok, I’ll lick you too. How do you want to do this?”

“You’re fucking awesome! I knew I’d like you,” Sasha smiled. “Want to do a 69?”

“Sure. I’ll take the bottom,” Mia replied.

“Fine with me. Go ahead and get on the floor. Oh, and you can finger me too if you want. Can I finger you?”

“I suppose so,” Mia said lying back on the floor. She watched as Sasha stood up and removed her bra and panties before getting back on the floor and crawling over her. As she did with Midnight, Mia did not hesitate. She leaned forward and ran her tongue along Sasha’s moist slit to her growing clit. Sasha tasted of honey and roses plus her own natural flavors that Mia found to her liking.

“Mmmm, that feels good,” Sasha moaned. “Keep doing that and you’ll have me orgasming in no time.” She leaned her head down and went back to licking Mia while occasionally looking over at Midnight. She wanted him inside of her badly and she couldn’t explain it. Every fiber of her being told her it was a horribly nasty thing to do, but watching Mia

take him turned her on something fierce. She added two fingers to Mia's sopping wet pussy and quickly added a third to make it somewhat tight.

Not to be outdone, Mia added two fingers to Sasha's pussy and pushed them in and out while sucking on her clit. Out of the corner of her eye she saw Midnight beginning to stir. She watched him get to his feet and begin sniffing much as he did before fucking her.

Midnight sniffed around Mia and Sasha in excitement. One bitch in heat was good, but two were great. It didn't take long for him to become excited and jump up on Sasha's back. "Oh man!" Sasha gasped. "Is...Is he going to fuck me now?"

"Not with my fingers in you," Mia replied pulling her fingers free, bringing them to her mouth to lick clean. "Get ready. He'll mount you soon assuming he's ready to go already."

"Get out from under me!" Sasha said suddenly. "I want you to watch me do it with your dog! I want you to watch him make me his bitch!"

"You're insane, you know that?" Mia said taking one last lick of Sasha's pussy before moving out from under her. Midnight mounted Sasha, his hindquarters hunching wildly as he attempted to get his cock into her.

Mia rooted through her purse and pulled out her cell phone. *Two can play at this game*, she thought as she turned the camera on and hit record. She spotted Sasha's phone on the stand and picked it up, smiling that there was no password to unlock it. Finding the video and about fifty pictures of her getting fucked by Midnight, she deleted them all.

"Aaahhhhh!" Sasha moaned as Midnight's cock pistoned into her. "Oh...oh my god! He...he's fucking me! He's...he's really fucking me!" she purred, pushing back to take him deeper. "Uhn...uhn...fucking hell...he...he's going so fast!"

"I know," Mia replied. "Wonderful isn't it? How do you like being a dog's bitch? Is it everything you thought it would be?" she asked as she continued to film with her phone while snapping pictures with Sasha's.

"It...It's AMAZING!" Sasha moaned.

"Glad to hear it. I'm recording you and taking pictures so you can cherish this moment forever."

"I...I don't care," Sasha moaned. "Come over here so that I can...so I can lick you!"

Mia recorded another few minutes of film and snapped thirty more pictures - sending them to her phone before deleting them from Sasha's. Putting her phone back in her purse she got on her hands and knees and crawled over to Sasha's wagging tongue, her mind racing with all of the fun they were going to have from now on.
